

INNOVATIVE solutions

A unique and innovative platform

F O R E N T E R P R I S E

The EcosAgile platform is based on an innovative technology that manages objects and relationships through a configuration approach, without complex and expensive project, programming and testing phases.

The product can be customized with simplicity and functionality is constantly improved. A unique feature is the fact that **customizations and release upgrades coexist without additional costs and risks**, adding value to the investment over time.

The same end user can manage changes over time in a simple and autonomous fashion, without any programming.

The **solution** is fully **web based** and is delivered in **Cloud/SaaS mode** or in **on-Premise/License Agreement mode**.

Advantages

-  Extraordinarily flexible and easy to use
-  Complete and integrated, even with existing company software and always updated to the latest version
-  Quality for Total Cost of Ownership that competitors cannot match

MAXIMUM ACCESSIBILITY, WEB 2.0

Easy extension of the information/procedures to management and staff through the Self-Service functions and workflows already bundled in the standard product.

NATIVE HANDLING DEPH HISTORICAL DATA

The correlation between the current and historical information is handled natively by the package, with significant benefits in terms of lower cost, higher quality and better integrity of the information managed.

POWERFUL AND STATE OF THE ART

Multi-company, multi-country, multi-language (including Unicode management) and multi-currency. Careful security/privacy management. Powerful workflow engine.

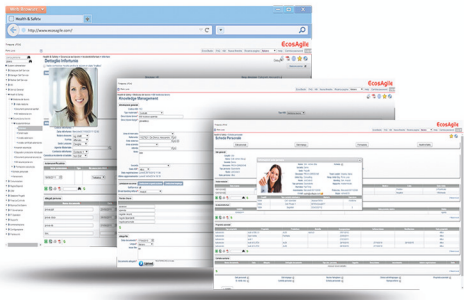

MAXIMUM WEALTH OF INFORMATION

Any report, list or grid can be exported to excel. Default charts, flexible analyses and analytics rapidly provide all the information needed to work with your business data.
